Dec. 9/82

Dear Harold,

Something amazing has happened. To relate: Firstly, I called WBAB radio and to make a long story short, they told me they would not air my phone-taped HSCOA interview. I called again later & was told by an unnamed someone that the FBI (he said he saw & heard this) 2 agents were at the station last week and ordered Jeff Martin, my interviewer, to NEVER air my show!!! Yesterday, about 4 P.M. I went to my hospital for a prescription renewal of valium. My doctor immediately called a U.S. Marshall and, to make a long story short, I was forced to be incarcerated into this mental institution where I now reside!! Shades of Grace Waldren Stevens (King case). They won't tell me why or anything!! It is terrible in here.

Everyone is insane in here so I prefer to stay in my own private room except to call my wife or to eat. They won't even give me any medication!

More later —
I'm sending these letters to Russell C. Sprague tonight.

If you'll please write me, the address is on the back of envelope, or send to my home address and my wife will bring it to me.

Puzzled & scared,
Ted Randolfo.
